Comments: regarding Public Hearing Unorganized Borough
Review Pursuant to Chapter 53, SLA 2002

In 1982 we purchased our house for \$60,000. For
two years we haven't been able to sell it at a lower price.
Tok can't support a borough.

After 18 years in Tok, we relocated due to family
illness, and are still paying a mortgage there. We lowered
the price, hoping for a quick sale. We still have partially
developed land in Tok. In a viable economy, a home,
with improvements should be increasing in value. Tok
does not have a viable economy.

Your notice in the Mekluk News does not state
"Comments received after Feb 6 and by Feb 14.. " must be in
writing. I submitted my comment via telephone on
Feb 13, 2003 to Dan Brockehorst of LBC. I am
following up by letter. My Tok house is at Jackie Circle
(no street numbers) adjacent to Ak Hwy mile 13 1/2.
Living in a small rural community, I do not have access to Email
or Fax at this time 5:30 PM Pacific Time.

P.S. It was a bureaucratic nightmare finding the right person to talk to,
